IS, stop making a fool of yourself! No one here has ever used racial attacks on you!

Yes, now I really think back, most attack on me, my English, and my skiing were racism motivated, and only by a few individuals. You gappers can't stand the notion that a foreigner can be better than you. Cannot compete with my skiing, bashing my English is a simple way out.

It seems you like to use the race card whenever you can no longer support your position, when all else has failed use the race card.

My position here is solid as "a boulder in the turbulent water," so your reason is invalid.

I don't think you know what it is to be racially attacked and looked down upon solely because of race... So stop you are making a mockery of yourself.

Actually, I just thought about it yesterday, and I've been here since 2001.

I can speak of racial bias and racial slurs as I have lived through much of it being Japanese (mother), Black, Native American and White (father) united nation of sorts.

Maybe you are lucky, maybe you are ignorance, maybe you just don't really know, but your experience cannot account for mine.

I take great offense whenever you throw those words around as you have no idea, none what so ever what it means!

You should stay out of this, unless you wanna be a gapper.
